***"Kindly reassurance, together with competence backed by knowledge"***

**(18)** Julia is very knowledgeable and competent. She clearly enjoys what she does and takes great pride in her work. Her space is easy to get to, clean and efficient, and her equipment is top of the line. The treatment was not uncomfortable in any way, and Julia's kind presence is reassuring throughout. The enema herbs and the probiotic implant were well worth the extra spend. I would definitely go back again and am happy to recommend her services. If only she was located closer to me I would be a much more frequent visitor!

### **WLC comment on Britaine review**

Dear Britaine,

Thank you for your 5 star review.

"Kindly reassurance, together with competence backed by knowledge" that's the gist we take from your feedback posted in May of this year.

Rest assured that we saw it as soon as you posted it- and are grateful you took the time to give your views.

We recently decided that we would acknowledge and respond to client feedback as necessary, and appropriate. Hence this comment.

I particularly wanted to write and thank you for your very kind words about me. I hope you visit the clinic, from time to time; pity about the travelling dynamic.

Warm Wishes

Julia
